

The Osher Lifelong Learning Institute at UC San Diego is a membership program for adults over the age of 50 who want to enrich their lives through continued learning and engagement. Osher features twice-daily lectures and seminars by the outstanding faculty and researchers of UC San Diego and the entire San Diego academic community, as well as local leaders, artists, and musicians. Class topics include Medicine, Science, Law and Society, History, Art and Humanities, International Relations, Literature, and Social Sciences. Informed member-led discussions of current events, member luncheons, and field trips enhance the Osher experience at UC San Diego.

During the upcoming quarter most on-campus classes will be simultaneously live-streamed via Zoom. By enrolling in an Annual, Quarterly, or Monthly membership, you will have access to LIVE lectures every day. Members can attend all scheduled classes or pick and choose the courses that fit their individual schedules. An Online Affiliate Membership will give you access to the video recordings of our lectures from this quarter and those recorded previously, but does not include participation in our daily program.

For a one-time Annual, Quarterly, or Monthly registration fee, members enjoy:

- Convenient daytime classes
- No prerequisites, grades, or tests
- No separate class registration required
- Unlimited class participation
- Access to an extensive online recorded lecture library

#### **MEMBERSHIP FEE:**

- 2023-2024 Annual Prorated Membership: \$220
- Spring Quarter Membership Fee: \$190
- Monthly Membership fee: \$90
- Online Affiliate Annual Membership Fee: \$50\*

\* Online Affiliate Membership only provides access to the Osher online video library of recorded lectures. Visit the Osher website for more details.

*"After a career in industry, I am semi-retired and am thrilled to have discovered the Osher Institute at UC San Diego. From art to astrophysics, each day's lectures bring exciting opportunities for me to learn, engage with distinguished faculty speakers, and interact with a group of interested and interesting, educated colleagues. I am excited about returning to the university campus, but am also pleased that I will still have the option to participate in classes remotely via Zoom."*
