Recent News

Lived Names and Personal Pronouns

You may provide your lived names to be used on certain UC San Diego Extended Studies records and systems. This includes first, middle, and last name. You may also indicate a set of personal pronouns by which you would like to be identified.

Your lived names will appear to staff and instructors in UC San Diego Extended Studies documents and systems such as class rosters, Canvas, and MyExtension (Please note that lived name is in the process of being implemented and some systems are still being modified. We thank you for your patience as we make these upgrades).

UC San Diego is required to list your legal name for all licensure agreements, state/federal requirements, or any legitimate business needs (i.e. OSHA courses). If the receiving institution and/or third party requires documents (e.g. transcripts, financial aid/records, 1098T-tuition-tax information) with your legal name, please leave the "lived name" (formerly referred to as preferred name) field in your MyExtension student portal blank and your legal name will be used on all University documents. Your legal name will continue to be used on official university documents and in systems that must use legal name due to legal or regulatory requirements. If you wish to change your legal name, please click here for a form and instructions.

Extended Studies reserves the right to remove or deny a lived name submission if used inappropriately. This includes, but is not limited to, names using foul or inappropriate language or names submitted to avoid legal obligation or to create misrepresentation.

You may also indicate a set of gender pronouns by which you would like to be identified. You may choose from a list of commonly used pronouns or specify a set of custom pronouns. Personal pronouns will be displayed on the class roster and the student information systems used by Extended Studies staff to provide you with assistance. We reserve the right to remove or deny a pronoun if used inappropriately.
