

.NET Development with C#

Specialized Certificate

The Field of .NET Development with C#

Microsoft's .NET technology platform provides a complete framework for the development of Windows, Web, mobile, cloud, and database- centric and tiered application programming. C# was the original language of the platform and is an integral part to the development and expansion of .NET.

Program Overview

Our .NET Development with C# Certificate Program is designed to help you build expertise in the .NET ecosystem using C#—a language widely adopted across industries for enterprise-grade software. Whether you're starting your programming journey or advancing your existing skills, this program provides a comprehensive path to becoming a capable .NET developer. You'll gain hands-on experience creating software for web, desktop, mobile, and cloud environments using C# and the latest tools and frameworks in .NET, while exploring AI tools like Microsoft Copilot and learning responsible AI practices.

By the end of the program, you'll be equipped with in-demand skills that open doors to careers in software engineering, mobile app development, back-end development, and cloud-based solutions.

Related Job Titles

This knowledge will help you enter and be productive in positions such as:

- .NET Developer
- Backend Developer
- API Developer
- Software Development Engineer
- Windows Application Developer
- Software Development Analyst
- Cloud Application Developer
- Mobile Application Developer

Program Benefits

- Gain Comprehensive Learning Path: Cover everything from foundational programming to full-stack .NET development using C#.
- Real-World Projects: Build a portfolio with hands-on projects in web APIs, cloud apps, mobile apps, and databases.
- Flexible Electives: Customize your learning experience by choosing from electives like API development, cloud computing,

database development, and mobile app development.

- **Career Growth:** Upon completion, you will be prepared to pursue in-demand roles in software development, such as .NET Developer, Back-end Developer, Mobile App Developer, Solution Architect, and DevOps Engineer.
- **Career Resources Hub:** You will have access to a dedicated Career Resources Hub with career information, job postings, events, and tutorials.
- **Industry-Relevant Skills:** Stay ahead of the curve by learning the .NET ecosystem alongside modern practices in object-oriented programming (OOP), advanced software engineering, and cloud computing.
- **Future-Ready Skills with AI Integration:** Learn how to incorporate AI tools like Microsoft Copilot into your development workflow, giving you a competitive edge in modern software development environments.
- **Recognized Credential:** Earn a well-recognized certificate from UC San Diego Extended Studies that enhances your résumé and demonstrates your expertise to employers.

Flexible Learning for Busy Schedules

Our self-paced online program is ideal for individuals with demanding schedules, offering a pay-per-course model that provides the flexibility to take as many or as few courses as you need each quarter. This allows you to balance your education with work and personal commitments. To begin, scroll down to the "Courses" section at the bottom of [the certificate page](#). While the program can be completed in 12 months, you have the option to extend it up to five years if needed.

Who Should Take This Program

- **Students and Aspiring Developers:** If you are new to programming and want to learn .NET with C# as a starting point, this program will build a strong foundation for your career.
- **Experienced Developers:** Take your development skills to the next level by learning advanced .NET techniques, including API Development, and DevOps Engineering.
- **Software Engineers:** Professionals looking to deepen their knowledge of advanced C# programming and the .NET ecosystem, including how to adapt to emerging tools like AI-assisted development, will find this program beneficial.
- **Mobile App Enthusiasts:** Those interested in developing mobile applications using C# and .NET MAUI for Android and iOS will gain valuable skills through this program.

Program Details

Prerequisites

There are 2 prerequisite courses for this certificate. Students with experience in programming may take the required courses, no waiver is needed. If you do not have this experience and/or foundational knowledge, please take the prerequisite courses.

Requirements

There are three (3) required courses and one (1) elective course required to complete the .NET Development with C# program. The chart below shows when and in what format courses are offered.

Electives

There are three elective courses offered in which you must choose one to fulfill the certificate requirements.

Prerequisite Courses Recommended but not required					
TITLE & COURSE NUMBER	UNITS	FALL	WINTER	SPRING	SUMMER
<u>Introduction to .NET and Visual Studio</u> CSE-41334	3.0	Online		Online	
<u>C# Programming for Beginners</u> CSE-40666	2.5		Online		Online
Required Courses					
TITLE & COURSE NUMBER	UNITS	FALL	WINTER	SPRING	SUMMER
<u>C# Programming I: Fundamentals of C#</u> CSE-40534	3.0	Online		Online	
<u>C# Programming II: Object-Oriented Programming</u> CSE-40603	3.0		Online		Online
<u>C# Programming III: Advanced C# Programming</u> CSE-40706	3.0	Online		Online	
Electives choose one					
TITLE & COURSE NUMBER	UNITS	FALL	WINTER	SPRING	SUMMER
<u>Cloud Computing for .NET Developers</u> CSE-41404	3.0	Online		Online	
<u>Database Programming in .NET</u> CSE-41197	3.0		Online		Online
<u>Data Structures and Algorithms in C#</u> CSE-41338	3.0	Online		Online	
<u>Web API Development in C#</u> CSE-41405	3.0		Online		Online
<u>Mobile App Development with C#</u> CSE-41348	3.0		Online		Online

Length

The courses build on each other so they must be taken in order. This certificate can be taken in as little as 4 quarters. The necessity of taking the prerequisites depends on your background. Students cannot take more than one required course per quarter since they need to be taken consecutively. You have up to five years to complete all requirements for the certificate.

Cost

The total estimated cost of the certificate is \$3,095.00 including required courses, one elective and the certificate fee. This estimate may vary on variety factors including elective courses chosen, course format, vendor used for textbooks. The cost of attendance does not include parking, transportation, or personal expenses. All estimated costs are subject to change; current fees and textbooks are listed on our website. Program fees are paid on a per-course basis when you enroll in a course.

Frequently Asked Questions

About the Certificate

How do I apply to the certificate program?

STEP 1: If you have a My Extension student account, skip to Step 2. If you do not have a My Extension account, go to myextension.ucsd.edu, click "Create an account" on the right side of the page, and follow the instructions to create an account. Once you have a My Extension account, continue to Step 2.

STEP 2: Click on the "Apply Now" button on the certificate page. Complete the required fields on the application. Then click the "Save" button. Once you have saved the application, the "Submit" button will appear. Click the "Submit" button to submit your application for review and consideration. Once submitted, your application cannot be changed. You can track the progress of your application at [My Extension](#).

Is there an application fee for the certificate program?

Current application or certificate enrollment fees, if any, are listed under the "Apply Now" button on [the certificate page](#) on our website.

Can I register for the certificate program at any time?

Yes, you may enroll in the program at any time. However, it is recommended that you enroll as soon as possible. The program curriculum may be updated at any time; if certificate requirements change, you must adhere to the curriculum at the time of your enrollment into the certificate. Enrolling in the certificate also gives you access to quarterly, personalized enrollment reminders from the program manager.

Can this certificate program be completed entirely online?

Yes! This program is designed for you to take it online at the convenience of your own home or office. Some courses may also have in-class options, but all program requirements can be completed online. For online courses, all assignments, tests, and quizzes can be completed online and submitted through [Canvas](#), our online learning platform.

How long do I have to complete the certificate?

You officially have five years from when you begin taking courses in the program to complete all requirements for the certificate.

If I already have the skills taught in one of the courses, can I skip that course?

If you have taken a course from an accredited university covering the learning objectives of a program course, you may be able to transfer your previous coursework to Division of Extended Studies. If you have not taken a course elsewhere, but already have the skills covered in a course, you may be able to substitute an alternate Division of Extended Studies course in its place. Please contact the program representative at infotech@ucsd.edu or 858-534-9352 for more information.

Is this certificate program open to non-California residents?

Yes, the program is open to non-California residents, including non-US residents. The tuition is the same for all students. If you have questions about how enrolling in courses may or may not affect your visa status, please contact our International Department at info@ucsd.edu or (858) 534-6784.

If I work full-time, will I still be able to complete this program?

Yes. Our programs are designed to be working-student friendly and most of our students are working professionals. The courses vary between two and three units, which amount to approximately 18-20 hours of class time for a two-unit course and 27-30 hours of class time for a three-unit course.

Is the program accredited?

UC San Diego is accredited by the Western Association of Schools and Colleges (WASC). UC San Diego Division of Extended Studies — like all other UC San Diego schools, colleges, and departments — is accredited by WASC through the University. All courses and certificate programs offered by UC San Diego Division of Extended Studies have been developed and are administered in accordance with Division of Extended Studies policy and the regulations of the Academic Senate of the University of California.

Will this program prepare me for a certification exam?

This program is not aligned with any one certification exam. Our programs are designed to provide students with knowledge that will make them valuable in the workforce.

How do I get my certificate once I have completed the requirements?

When you have paid your certificate fee and successfully completed all program requirements, you will need to request an audit by Student Services. To request an audit:

- In your [My Extension](#) account, click on "My Courses."
- On the right side of the page under "My Certificates," click on the name of the certificate
- On the right side of the page under "Tools," click on "Request Certificate Audit"
- Complete and submit the form that appears

Once you have formally submitted your audit request, your certificate will be mailed to the address we have on file for you within ten business days.

Do you provide job or internship placement?

No, we do not currently offer job placement assistance, internships, or career services assistance.

Is financial aid available?

- UC San Diego Division of Extended Studies offers continuing education loans through UC Approved Lenders. Each institution offers low competitive interest rates and flexible payment options. You are also encouraged to contact your personal financial institution about possible lending solutions. Direct links to UC Approved Lenders can be found on our website's [Financial Resources](#) page.
- The Employment Development Department (EDD) provides a comprehensive range of employment and training services in partnership with state and local agencies/organizations. More information is available on their website at edd.ca.gov.

- Career Centers Located throughout San Diego County offer their communities comprehensive employment and training services benefiting both business and job seekers. More information is available on their website at workforce.org.
- [Please click here for information about Veteran's Benefits.](#)
- Free Application for Federal Student Aid (FAFSA) funds are limited to degree programs only and cannot be used for courses or certificate fees at UC San Diego Division of Extended Studies.

About the Courses

When does course enrollment open for each quarter?

Our classes post to our website and become open for enrollment approximately two months prior to the new quarter starting. If you'd like to get an email reminder you can sign up for our newsletter(s) in [My Extension](#), under the "Preferences" tab.

When should I enroll in a course?

We recommend enrolling as soon as possible, as occasionally classes will reach capacity.

Once I have enrolled in a course, when will I get online access to it?

If you have enrolled at least three days before the course begins, you will have access starting on the first day of class. You should receive an email from Student Services with instructions for how to login to the course. If you have enrolled on or after the start date of the course, you will have access to the course within one business day.

When does enrollment for a course close?

Enrollment on a course may be closed for one or more of the following reasons:

- The course is at capacity. If the course is at capacity, you will only be able to join the waitlist. If space becomes available in the course, students on the waitlist are contacted in order they joined the waitlist.
- The course has progressed to a point where students will no longer be able to make up the missed work and be successful in the course.
- The course is cancelled due to low enrollments.

For all three of these reasons, we recommend students enroll early on the courses they are interested in.

When is the refund deadline for courses?

The refund deadline for courses in this program is typically one week after the start of the course. This allows you to enroll in a course and participate in the course for approximately one week to determine if the course is a good fit. Then, if needed, you may either transfer your enrollment to a different course or submit a drop request. The exact refund deadline for each section is listed in the section notes on the course page in our website, and you can also find it in [MyExtension](#) by clicking on "My Courses" and then the name of the course.

What are the grading options for courses?

You may take a course for one of three options: Letter Grade, Pass/No Pass, or Not for Credit. If you are taking a course towards a certificate you must complete your courses for credit (i.e., Pass/No Pass or Letter Grade) and receive a C-/Pass or higher grade. Grades below a C-, No Pass, and Not for Credit will not count towards certificate requirements.

What kind of credit do I earn?

The courses in this program are post-baccalaureate, professional-level, credit bearing courses. Credit earned in these courses

may lead to the award of a formal certificate by UC San Diego Division of Extended Studies or may be applied toward an academic degree or professional credential, subject to the approval of the receiving institution.

If you wish to transfer credit, it is your responsibility to confer with the receiving institution before enrolling, as each individual academic institution decides whether to accept Division of Extended Studies credits.

Are courses transferable?

UC San Diego Division of Extended Studies is not a degree granting institution. However, many UC San Diego Division of Extended Studies courses can be transferred to other colleges or universities. The transferability of credit is determined solely

by the receiving institution. You should discuss how your individual courses will transfer with the Office of the Registrar at the receiving institution prior to enrolling.

Can I take a course without registering for the certificate?

Yes, you may take any course in this program without registering for the certificate, provided you have fulfilled all prerequisites for the course.

How long is each course?

Two-unit courses run for approximately 6-7 weeks; three-unit courses run for approximately 9-10 weeks. For exact course dates of upcoming sections, visit the webpage of the course you are interested in taking on our website.

When is each course offered?

Please visit the course page on our website to see when courses are typically offered. You can also see a full program schedule by clicking on the "View Schedule" button under the "Courses" section on [the certificate page](#) or under [the Program Requirements section of this document](#).

How many hours can I expect to spend studying outside of class time

Each student has their own learning style so this can vary greatly. As a rule of thumb, expect to spend an average of two hours studying for every hour you spend in-class. For online courses, students should plan to spend approximately 8-10 hours per week viewing lectures and completing coursework.

How are online classes formatted?

The online courses are asynchronous: they have a start and end date but all the lessons are uploaded on Canvas, our online learning management system, so you can learn at your own pace. However, please be aware that you may have weekly assignments, quizzes, or tests that are due on specific dates.

What are the instructors' credentials?

The program courses are taught by seasoned professionals and overseen by an advisory board of leaders in the field. You can view the advisor list under the "Advisors" section on [the certificate page](#). You can find information about a course instructor, including a biography and credentials, on the course page.

How do I communicate with a course instructor if I have a question during the course?

Each instructor has his/her own preferred method of communication and response policy, which will be detailed on the course syllabus. However, most instructors utilize email or the discussion board and will respond within 24-48 hours.

Will I get any hands-on experience in the program?

Most courses combine theory with hands-on exercises. For more information about practical experience on any course, visit the course page on our website.

What are the required textbooks for a course?

Instructors will post the current text requirements and recommendations on the course page on our website. Please note the textbooks requirements are subject to change every quarter and different instructors may require different books, even if they are teaching the same course in the same quarter, so be sure to check the textbook requirements *for the section in which you are enrolling*.

Will I be able to order the required textbooks before the class begins?

Yes, you can order the book(s) any time after enrolling in the course. You may order books through the campus bookstore or online retailers, such as Amazon.com.

After I enroll in a course, how can I retrieve a receipt or enrollment verification for my records?

Login to your [MyExtension](#) account and select "Documents" as the top of the page.

How will I receive my final course grade?

Once the course is completed, the instructor has 10 business days to submit your grades. Once grades have been posted, you can view and print them from your MyExtension account.

What if I am having trouble with My Extension?

Please contact Student Services at (858) 534-3400 or unex-reg@ucsd.edu if you experience any issues logging in to any of our systems.

For More Information

For program specific questions, please visit the [certificate page](#) on our website or contact a program representative at infotech@ucsd.edu or 858-534-9352. For administrative questions, please contact our Student Services Department at unex-reg@ucsd.edu or (858) 543-3400
