

# Data Mining for Advanced Analytics

*Specialized Certificate*

## Program Cost Estimate

### Full Program Cost Estimate

The program costs approximately \$4,544 including the certificate fee, course fees, and required textbooks. Program fees are paid on a per-course basis, when you enroll in a course.

This is an *estimate* of the full cost of the program. This estimate may vary based on a variety of factors. *All estimated costs are subject to change*; current course and certificate fees and textbooks are listed [on our website](#).

### Estimated Cost Breakdown by Course

There are four required courses in the [Data Mining for Advanced Analytics certificate](#). Below is an estimate of the costs for the full certificate program, including the prerequisite course and the most expensive elective option. Please visit our website to view other elective options. This is an estimate only and may vary based on a variety of factors.

Course	Course Enrollment Fee	Required Textbooks	Course Subtotal	Certificate Fee	Program Total
<a href="#">Statistics for Data Analytics (prerequisite)</a>	\$675	\$99	\$774		
<a href="#">Fundamentals of Data Mining</a>	\$725	\$35	\$760		
<a href="#">Data Preparation for Analytics</a>	\$595	<i>Uses previous course textbook</i>	\$595		
<a href="#">Data Mining: Advanced Concepts and Algorithms</a>	\$725	<i>Uses previous course textbook</i>	\$725		
<a href="#">Data Mining Practicum</a>	\$850	<i>Uses previous course textbook</i>	\$850		
<a href="#">Introduction to R Programming (elective)</a>	\$745	\$0	\$770		
<b>Totals</b>	<b>\$4,290</b>	<b>\$134</b>	<b>\$4,474</b>	<b>\$95</b>	<b>\$4,544</b>

## For More Information

For more information about the program, please visit [the certificate page on our website](#) or contact the program representative at [unex-techdata@ucsd.edu](mailto:unex-techdata@ucsd.edu). You can also click on the name of any of the courses above for more information on that course, including upcoming section dates and prices.
