

The Osher Lifelong Learning Institute at UC San Diego is a membership program for adults over the age of 50 who want to enrich their lives through continued learning and engagement. Osher features twice-daily lectures and seminars by the outstanding faculty and researchers of UC San Diego and the entire San Diego academic community, as well as local leaders, artists, and musicians. Class topics include Medicine, Science, Law and Society, History, Art and Humanities, International Relations, Literature, and Social Sciences. Informed member-led discussions of current events, member luncheons, and field trips enhance the Osher experience at UC San Diego.

*"After a career in industry, I am semi-retired and am thrilled to have discovered the Osher Institute at UC San Diego. From art to astrophysics, each day's lectures bring exciting opportunities for me to learn, engage with distinguished faculty speakers, and interact with a group of interested and interesting, educated colleagues. I am excited about returning to the university campus, but am also pleased that I will still have the option to participate in classes remotely via Zoom. "*
