

## INDUCTION CANDIDATE AND MENTOR COURSE ALIGNMENT

Throughout the duration of the [Induction program](#), the Site-Based Mentor is required to complete corresponding Induction Mentor training and support courses at the same time their Induction Candidate completes the Induction courses. The Induction Site-Based Mentor will need to enroll into the respective Mentor course section with the same start and end dates as their Induction Candidate's course. Candidates may have additional required courses per their Planned Course of Study that do not have corresponding coursework for their Mentor.

Please refer to the chart below to review the corresponding Candidate and Mentor courses and the order they are taken in. Each course links to its UC San Diego Division of Extended Studies web page for Candidates and Mentors to learn more and enroll. Please reach out [unexeduc@ucsd.edu](mailto:unexeduc@ucsd.edu) with any questions.
