

Medical and Business English Programs

You may want to check your English language level using one of these free online tests before applying to the Medical or Business English programs. You will still need to take the ELI placement test as part of your admissions into these programs.

TEST Website	Minimum CEFR score to qualify

Placement Test: For the best learning experience, every student must take the **ELI placement test** (delivered online before students arrive) to determine their English level before starting the Legal English program. This test helps us understand your current English level, ensuring you start the program at just the right spot for your study abroad journey. You may want to check your English language level before applying to the **Medical English or Business English program**.
